

# SSC LEAP - T

At SSC Leap-T Lab, we don't just look back at what happened today! Through our T-1 protocol, we give your child a 24-hour head start. By previewing tomorrow's concepts today! Don't let your child play catch-up. Give them the momentum to stay ahead.

**Enrollment for the new intake is now open.  
Limited seats available in the Lab.**

## Master Today. Own Tomorrow

Bridging between classroom learning and true mastery, SSC LEAP-T offers the "proactive" way for students to get ahead. Using the T-1 Protocol, we give your child a **24-hour** head start in school studies. At SSC, we believe preparation is the difference between participating in a lesson and leading it.

# SSC LEAP-T

## THE FEATURE

### Concept

The Guided Review: A structured session where today's lessons are reinforced before they are forgotten.

### Academic Coaching

Beyond tutoring; we teach students how to learn and manage their academic workload.

### The "Bridge" Method

Beyond tutoring; we teach students how to learn and manage their academic workload.

### Homework Harmony

Expert guidance to ensure assignments are completed accurately, reducing evening stress at home.

# The SSC LEAP-T Protocol

01

## THE LAB

Reviewing today's lessons and finalizing all assignments with expert coaching.

02

## THE SCAN

Reviewing today's lessons and finalizing all assignments with expert coaching.

03

## THE LAUNCH

A final organizational audit to ensure the student is packed, primed, and ready.

## The Leap Advantage

**Classroom Confidence:**  
Students walk into class already knowing the "language" of the day's lesson.

**Reduced Friction:**  
Homework is completed accurately and under guidance, eliminating "evening stress" at home.

**Executive Skills:**  
We teach time management, note-taking, and organizational habits that last a lifetime.

## SSC LEAP-T DETAIL

2.00 PM - 6.00 PM

The Leap-T Lab

Directed by our highly-experienced Academic Coaches

Primary & Secondary School students [ALL LEVELS]
